

I have worked with Kevin Doukas for 8 years and have found him to be professional, creative and very versatile in his talents and abilities. There really has never been something that Kevin and his team couldn't do!

His gifts go beyond basic painting but rather encompass many styles and approaches to finishes and textures. He has been so easy to work with, flexible and very accommodating. He has met our time goals over and over again; what he promises he will deliver.

Thank you Kevin for helping to make our home a place that reflects who we are!

Renee Curtis
